

Instant, verified proof of vaccination

Better connecting veterinarians with the communities they serve. Secure, searchable access to pet vaccinations, tests, labs, treatments and more.

+

Our clinic has partnered with VetVerifi to manage secure verifications of pet vaccinations, treatments, and more to create a better experience for our mutual clients.

How Does it Help Your Company?

- **Instant verifications:** Get an instant proof of vaccination snapshot for any pet in our network.
- **Easy searching:** A simple, straightforward user interface and experience.
- **A nationwide network:** One single search spans across our entire network of vet clinics.
- **Complete history:** Stores an image of every search for future reference and verification

What are my next steps?
